

The **Certified Supply Chain Professional (CSCP) Program** is a new industry educational program created to meet the rapidly changing needs of the supply chain management field.

*From manufacturing to service industries, regardless of whether a company is serving businesses or consumer markets, is for profit or not-for-profit, the increasingly important role of supply chain management is affecting all organizations. Customers already expect good quality at low prices, and speed of delivery is becoming more important. As a result, effective supply chain management has become essential in successfully competing in today's global marketplace.*

The CSCP Prep Program takes a broad view of the field, extending beyond internal operations to encompass all the steps throughout the supply chain—from the supplier, through the company, to the end consumer—and provides you with the knowledge to effectively manage the integration of these activities to maximize a company's value chain.

### Benefits of the CSCP Program

- ✓ Learn to boost productivity, collaboration and innovation
- ✓ Discover how to positively affect lead times, inventory, productivity and bottom-line profitability
- ✓ Understand how to manage the integration and coordination of activities to achieve reduced costs and increase efficiencies and customer service
- ✓ Gain the knowledge to effectively and efficiently manage worldwide supply chain activities

### CSCP Certification Exam Eligibility Requirements

Candidates must have an approved eligibility application on file in order to sit for the APICS CSCP exam. ***The exam is an additional cost not included in this training program.*** To be eligible for the APICS CSCP, a candidate must meet **one** of the following criteria:

- ✓ Hold a conferred Bachelor's degree or equivalent
- ✓ Hold an APICS CPIM, APICS CFPIM, APICS CIRM, APICS SCOR-P, APICS CTL, C.P.M., CPSM or CSM designation
- ✓ Possess at least three years of related business experience

*More information about the CSCP Certification Examination is available at:*

<http://www.apics.org/careers-education-professional-development/certification/cscp>

### Who should pursue the CSCP education and designation?

The CSCP program is for professionals in operations and supply chain management. This designation is ideal for you if you are:

- ✓ Interested in gaining a greater depth of knowledge and understanding in the areas of supplier and customer relations, international trade, the use of information technology to enable the supply chain, and physical logistics.
- ✓ A professional who is consulting or teaching supply chain functions.
- ✓ Working with enterprise resources planning (ERP) systems.

**The CSCP program will help you advance your career while giving you the foundation to improve your company's Flyercompetitive position and profitability.**
