

## Beginning Mastercam®2017-18

88 Hrs

This class will cover the basics and highlight the new functionality of Mastercam 2017-18. Students will learn programming, toolpaths, and many other features and benefits of the Power of Mastercam 2017-18.

### New Training topics to include:

- A hands on over view of the basics of using Mastercam to draw and program basic parts
- All new dynamic toolpaths with better control of Tool Engagement
- A real look at how to handle model files from outside CAD systems and program them
- Introduction to solids and new enhancements design tools added (Model Prep)
- How to bring your part in and use the WCS efficiently to program your part
- Intro into the new configurations and layout of the new system (All New feel and look)
- Intro to the proper use of tools and holders, along with use of tool libraries
- Learn the appropriate use of Stock Models
- With Mastercam's new 2017 release we will take you thru the new tools and enhancements.

### Objective:

Upon completion of this class students should be able to perform basic 2D work, including 3d basic modeling and toolpathing for VMC and HMC mills using Mastercam 2017-18. Should be able to bring in a CAD model from an outside source and get ready to path.

### Prerequisites:

- Basic computer skills
- Two (2) years of machine shop experience

ETI instructor **Jayson Kramer** has been working in the manufacturing industry for more than 20 years. He has been a CAD/CAM programmer with Mastercam for over 25 years, and is a Certified Mastercam Instructor. Jayson has had his own CAD/CAM programming business since 1994. He has been teaching Mastercam programming at different technical schools and colleges since 2000. Jayson has been teaching for ETI since 2002.

**Employment Training Panel (ETP) State Funded Training\*: \$350.00 per eligible employee  
Non-ETP COST: \$2,638.00**

#### WHEN:

Tuesdays

July 25, 2017 – January 16, 2018

4:45pm – 8:45pm

No Class 9/12/17, 10/31/17, 12/26/17 &  
1/2/18

#### WHERE:

Center for Applied Competitive  
Technologies, housed at Aerospace  
Dynamics Intl.

25571 Rye Canyon Rd.  
Santa Clarita, CA 91355
