

Sexual Harassment Prevention Training

Compliance Alert

What every employee needs to know to recognize, stop, and prevent harassment at work.

New 2019 Law (SB 1343)
requires California employers with 5 or more employees to provide two hours of sexual harassment and abusive conduct prevention training to all supervisors and one hour of such training to all nonsupervisory employees before January 1, 2020. Training and education must be provided once every two years thereafter, as specified under the new law.

To assist employers in meeting the minimum training requirements as defined by SB 1343 legislation, we offer highly interactive & legally compliant courses designed and taught by Dr. Barbara Sweet, a credentialed subject matter expert. Throughout the multifaceted courses, learners will be engaged in practical exercises and collaborative discussions designed to cultivate inclusive and respectful behaviors back at the workplace.

ALL sessions hosted at the University Center at College of the Canyons
